

Designed for **young people** to share their passion for marine mammals, conservation and the environment, Marine Champions is an extension program that will provide **hands-on action opportunities** and **learning experiences** for young people to gain a stronger understanding of marine science and sustainability.

Under the guidance of Marine Champions Leaders, participants will be given the opportunity to work with the Marine Mammal Foundation core team, meet other like-minded young people, and participate in a variety of unique activities and **guided MMF expeditions**.

Marine Champions will be provided with the tools and support to create, develop and share their **own projects** with each other and their community, interacting directly with our marine mammal research and gaining leadership skills to **make a difference** within the environment.

WHAT IS INCLUDED?

-  Marine Champions Tee.
-  Marine Mammal Foundation Cap.
-  Options for half day school holiday activities including workshops, seminars, campaign design, art for conservation... just to list a few!
-  Marine Champions special invitations to join the Marine Mammal Foundation team in outreach and land-based research activities, such as community event, clean-up actions, and positive campaigns for greater environmental awareness.
